

SUSIE'S FAMILY STORY

by June.w

Christmas Eve of 2020.

A book was born to be,

Inspired by the warmth of Christmas cheer,

Susie's family came to me.

I hope this story spreads joy and light,

To children far and near,

Bringing love and warmth to every heart,

A gift throughout the year.

-June W

PART.002

MATRIX KIDS: AN INCLUSIVE KINDERGARTEN FOR ALL

MATRIX KIDS A great kindergarten knows how to nurture growth - it's where ideas hatch and dreams take flight.

Matrix Kids Kindergarten vs. Traditional

Kindergartens and Early Education Centers

Traditional Kindergartens:

- Morning routines, playtime, meals, naps, and structured classes in English, Math, and Art.

Matrix Kids:

- Our focus is on 'hatching' potential. We ask: How can we help ideas hatch faster? What activities encourage growth? Our approach includes the whole family.

Our Doors Are Open To: Every preschool child aged 0-6 across the globe, alongside their parents, grandparents, and all guardians involved in their upbringing.

Before We Began The COVID-19 pandemic taught us the importance of love, dreaming, and celebrating life. This reinforced our mission to create the world's best kindergarten - a dream, a passion, and our lifelong mission to bring joy and fulfillment to all.

The Sky Kindergarten

It's a segment of our kindergarten without borders, available to all toddlers and their families worldwide. Here, every child is equal, irrespective of background, culture, or family structure.

Despite economic hardships, every child should have access to education. With or without the internet, with or without the means for traditional early education, our teaching aids, Susie's stories, and our Global Shrimp Egg Radio ensure that early childhood education is within reach for everyone at home.

Professionals in family law, educators, community workers, and all who cherish early childhood education come together here to share knowledge and advocate for children's rights as per the United Nations Convention on the Rights of the Child.

In this place, children's dreams from every corner of the earth can flourish, instilling confidence and joy. The 'little golden egg' inside each child is nurtured into a shining reality, becoming treasured memories as they grow. Chasing Dreams As John F. Kennedy inspired a nation to reach for the moon, we too embrace challenging goals because they bring out our best. With your support, we're not just chasing dreams but making them a reality for you

Before You Read On Please spend a few moments to determine if this book aligns with your needs. It's intended for families experiencing financial challenges, aiming to support at-home and community-based early childhood education. This isn't just for those with ample resources - it's for everyone, everywhere.

Using This Book Designed for families from pregnancy to children aged 6, this book addresses early education holistically. It's structured to engage both emotion and reason, from Susie's Family Little Golden Egg Travel Notes to practical guides that make education accessible and executable.

Our Core Belief We strive to create the best early education center and kindergarten, serving millions affected by the pandemic. Our goal is to provide equal education resources globally, helping parents and children aged 0-6 achieve their dreams and create a better world.

Is The Best Kindergarten A Dream? The best kindergartens benefit the most people. They must adapt to crises, like the pandemic, ensuring education continues at home with simplicity and ease, fostering self-confidence and optimism in children regardless of where they live.

The Real Essence of Early Childhood Education

It's about the children, their guardians, and educators. It transcends physical spaces, encompassing the whole world - and beyond. Our kindergarten is the blue planet, the universe, and the realms we've yet to discover. It's where we learn, love, and explore together.

Welcome to our land of discovery!

Part 1: Susie's Family Story This section, brought to life by Susie, the Little Golden Egg, Hunter, and Paul, shares an incredible family journey. It is meant to inspire you to embark on your own unique Little Golden Egg adventure. We've put the lessons from Susie's Little Golden Egg Travel Notes into practice; please see the attached results for our "golden egg" achievements.

Part II: Your Story Here, we introduce knowledge and skills through the voice of Your Little Shrimp DJ, which are applicable to the adventures in Susie's Travel Notes. With music and movies woven into the narrative, we aim to craft an immersive experience for you and your family, setting the stage for your own Little Golden Egg Travels Around the World.

Part III: Our Story The concluding part of this book involves you and our team working together. We will support and encourage you to...

This museum is a gift to children and parents worldwide. Recognizing the diversity of family structures, we have identified various models:

1. Typical family: A father, mother, child, and two sets of grandparents.
 2. Extended family: Includes additional children.
 3. Single-parent families: With one parent and support from grandparents.
 4. Blended families: With same-sex parents.
 5. Remote-care families: Where grandparents take the primary caregiving role.
 6. Future model: Where a robot assists in childcare.
- ... and many more. Each family structure has its unique strengths.

Economic Models:

1. Families who can afford local museum visits.
2. Those who find museum fees prohibitive.
3. Families allocating 30% of income to early education.
4. Families dedicating 40% of income to early education.

The financial situation, family structure, and individual circumstances shape distinct approaches to early childhood education. This book guides you in creating a tailored educational journey for your family.

On-Air Matrix Kids CARDS Museum Class Schedule:

Compulsory "Egg" Classes include:

- Confidence Egg
- Positivity Egg
- Safety Egg
- Little Golden Egg
- Health Egg
- Target Egg

Elective "Egg" Classes include:

- Cricket Music Egg
- Bird Sports Egg
- Evolutionary Thinking Egg
- Practical Golden Egg

Guidance for Use:

- Combine museum visits with structured early education and weekend homeschooling sessions.
- Utilize templates for families without access to formal education.
- Supplement traditional education with our resources where financial constraints exist.

Cater to families where elder care is predominant. The final part of this book offers a hands-on approach to family education through various activities designed to delight both children and parents.
