

A3.004

We're now organizing HUNTER'S CARDSET using the letters M.A.T.R.I.X. Each letter has four rows—M1, M2, M3, M4—and each row contains seven sub-cards, labeled M1.001, M1.002, M1.003, and so on up to M1.007. This card arrangement is inspired by Niklas Luhmann's note-taking method, and we encourage you to create your own cards in each row. Download the 7 cards from the link below, and let's build them together!

A3.004: Video Explanation – Adding Layers of Meaning Like Luhmann

Story Script (Introduction for Parents and Children):

This attachment card shows how to bring ideas to life by adding a video explanation. Kids can record a short video explaining their idea, just like Niklas Luhmann added layers of meaning to his cards.

Step 1: Drawing the Idea

Tip:

- Draw a new idea for your dream kindergarten. Maybe it's the art room, where kids paint and create. Once the drawing is finished, it's time to make a short video!

Step 2: Recording the Video

Tip:

- Record a 1–2 minute video of your child explaining what's special about their art room drawing. They can talk about why the art room is their favorite place in the kindergarten. The video adds extra depth, just like Luhmann's layered card system.

Step 3: Writing a Short Explanation

Tip:

- After recording the video, write a short description of what was discussed in the video. Example: "This is the art room where kids create beautiful paintings and have fun with colors!"

Example Card for Inspiration:

- Title: The Art Room
- Drawing: Children painting and drawing in a colorful art room.
- Video: "In this video, I talk about why the art room is so much fun!"
- Explanation: "This is where kids create art and express their imagination."

Magic Sentence for Kids:

"Today, my magic sentence is: My story comes to life with every card!"

Reward Mechanism for Motivation:

- Weekly: After recording one video per day for a week, your child can earn a Video Star sticker.
- Monthly: After completing 30 video explanations, your child earns the Master Storyteller badge.
- 180 Days: After recording 180 videos, your child receives the "Kindergarten Movie Maker" Award for bringing their cards to life!

Tips for Parents:

- Help your child record a short video explaining their card.
- Videos can be stored on a phone, computer, or tablet, creating a digital storybook of their dream kindergarten.

Conclusion: With this video-based card, children learn how to bring their ideas to life by adding layers of meaning to their creations!
