We're now organizing HUNTER's CARDSET using the letters M.A.T.R.I.X. Each letter has four rows—M1, M2, M3, M4—and each row contains seven sub-cards, labeled M1.001, M1.002, M1.003, and so on up to M1.007. This card arrangement is inspired by Niklas Luhmann's note-taking method, and we encourage you to create your own cards in each row. Download the 7 cards from the link below, and let's build them together!

Subject: Protecting Creativity Starts with You - Let's  
Team Up with HUNTER Cards!

Dear [Name],

Your expertise in copyright law is legendary in Tippecanoe. Your work has made an enormous difference in helping protect local businesses, artists, and creators, and we believe you can bring that same level of care to something just as exciting: HUNTER Cards.

These cards have been designed to not only educate children but also encourage them to create—and we need you to ensure their creativity is protected. Imagine being the one who helps secure the rights for local children's creations, safeguarding their ideas and giving them ownership over what they produce.

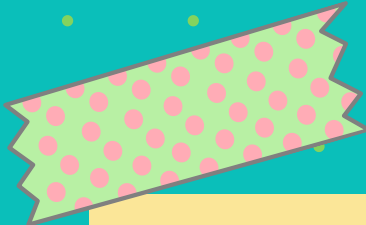

I'd love to tell you about HUNTER, the young boy who created these cards when he was just five and a half years old. Born at Franciscan Health Lafayette East, HUNTER is now a fourth grader, and his dream is to help children everywhere express their creativity while protecting their rights. And who better to help us with that than you?

Here's what we can offer you:

 **Exclusive Legal Partnership:** As our copyright partner, you'll handle all the licensing agreements for HUNTER Cards, ensuring local families and schools are protected. We'll feature your name as the guardian of creativity in Tippecanoe.

 **Expand Your Client Base:** As HUNTER Cards grow, so will your network. You'll be working with families, educators, and local creators, offering your services to support their creative journey.

 **Be Part of Something Bigger:** HUNTER Cards are set to expand to 3,300 counties, with you leading the way in Tippecanoe. Plus, we're excited to collaborate with the Museum of Leaf Cards in Southern France, bringing this project to a global stage!

Your name will be attached to a movement that protects creativity, fosters ownership, and leads innovation in education.

"One small step for man, one giant leap for mankind" - much like Neil Armstrong, we're launching from Purdue University into the future of early childhood education, and we'd love to have you by our side.
