13.007: Hosting Family Design and Architecture Workshops (Early Childhood Focus)

Core Concept	Search Keywords (Inbound/Outbound)	Related Network Resource	Linked Action	Practical Example / Impact
<p>Hosting Family Design and Architecture Workshops: Organize workshops that introduce young children and families to the basics of design and architecture through hands-on building projects. These workshops focus on creativity, structural design, and spatial awareness as families collaborate to construct models of buildings, homes, or public spaces.</p>	<p>Inbound Keywords: - Search "family design workshops" or "family architecture projects" - 1. Family architecture workshops for early childhood - 2. Family design learning activities - 3. Creative design projects for families Outbound Keywords: - Use phrases like "global family design workshops" or "Montpellier family architecture programs"</p>	<p>1. Family Architecture Workshop Toolkit: Search "family design and architecture toolkit" for resources that help families explore architecture and design through model building and creative problem-solving. 2. Purdue Family Architecture Learning Kits: Search "Purdue family design and architecture kits" to find guides on introducing architecture principles through family-centered projects like building model homes or parks. 3. Montpellier Family Architecture Programs: Search "Montpellier family architecture workshops" to find local programs that teach architectural design through interactive family projects. 4. Global Architecture Learning Platforms: Explore international platforms that offer design and architecture workshops for families to engage in</p>	<p>1. Create Architecture Kits for Workshops: Build kits with activities that encourage families to design and build models of homes, parks, or buildings, learning about structure, balance, and aesthetics. 2. Tailor Architecture Workshops Based on Family Interests: Customize the workshops based on family interests, whether it's designing homes, parks, or bridges. 3. Search Montpellier Architecture Programs: Use "Montpellier family architecture programs" to explore local workshops where families can create design projects. 4. Incorporate Digital Tools: Add</p>	<p>Practical Example: In July 2023, the Fontaine family in Montpellier attended a family architecture workshop where they designed a model of their dream house using cardboard and recycled materials. Each family member contributed to the design, from choosing the layout to decorating the rooms. Impact: The Fontaine family developed an understanding of architectural principles, and their children became more interested in design. They displayed their model home at a local community event in Montpellier.</p>

		creative building projects.	apps or platforms that allow families to design and build virtual structures through interactive design tools and simulation software.	

Search Breakdown for I3.007:

1. **Tippecanoe Local Resources:**

- **Tippecanoe Family Architecture Workshops:** Search "Tippecanoe Family Architecture Workshops" to find local programs that promote architectural design through family-centered projects. **Location:** Tippecanoe Design Center, February 2024 Design Week. **Characters:** The Spencer family built a model skyscraper using paper and tape. **Plot:** Families participated in a creative design challenge where they constructed models of famous buildings.
- **Family Design Kits:** Use "Family Design Kits in Tippecanoe" to explore resources that focus on architecture and model building. **Plot:** The Mitchell family used a design kit to create a model park for their neighborhood.

2. **Purdue University Resources:**

- **Purdue Family Design and Architecture Kits:** Search "Purdue Family Architecture Kits" for guides that introduce families to architectural principles through creative building projects. **Location:** Purdue Architecture Center, Summer 2024 Family Design Series. **Characters:** The Li family built a model bridge using design principles learned in a workshop. **Plot:** Families collaborated to understand bridge design and stability through hands-on construction.
- **Purdue Family Feedback Programs:** Explore "Purdue Architecture Feedback Programs" for advice on how to adjust design workshops based on family interests. **Plot:** Families shared their architecture projects and received feedback on their designs during a monthly showcase.

3. **Montpellier Local Resources:**

- **Montpellier Family Architecture Workshops:** Search "Montpellier Family Architecture Workshops" to find local programs that promote architectural design through hands-on projects. **Location:** Montpellier Design Institute, September 2023 Family Design Day. **Characters:** The Laurent family created a model city using recycled materials. **Plot:** Families worked together to design urban spaces that balanced aesthetics and functionality.
- **Montpellier Architecture Kits:** Use "Montpellier Family Architecture Kits" to explore workshops that focus on designing and building structures like homes, parks, and public spaces. **Location:** Montpellier public libraries host

monthly architecture workshops for families. **Plot:** The Roy family designed a playground, incorporating elements of safety and fun into their model.

4. **Global Authoritative Resources:**

- **Global Family Design Platforms:** Search "Global Family Design Platforms" to find international communities that promote architectural learning through creative building projects. **Characters:** The Garcia family from Brazil shared their model of a sustainable house online, receiving feedback from global architects. **Plot:** They learned about green building design through virtual workshops and applied those concepts to their model.
- **DIY Digital Design Tools for Families:** Search "DIY Digital Architecture Tools" to find apps and platforms that allow families to design virtual structures and buildings through interactive design games and software. **Plot:** Families participated in a global virtual design contest, submitting their digital home designs for global feedback.
