

# M3.002

We're now organizing HUNTER's CARDSET using the letters M.A.T.R.I.X. Each letter has four rows—M1, M2, M3, M4—and each row contains seven sub-cards, labeled M1.001, M1.002, M1.003, and so on up to M1.007. This card arrangement is inspired by Niklas Luhmann's note-taking method, and we encourage you to create your own cards in each row. Download the 7 cards from the link below, and let's build them together!

## M3.002: Hearing

- Title: "What Would We Hear Together?"
- Imagination: Close your eyes for a moment and listen with me. Can you hear the sounds of our successful kindergarten? There's laughter everywhere, the kind that makes you smile even if you don't know why. You can hear the gentle strumming of a guitar as a teacher sings songs about the sun and the stars. There's a chorus of voices from the classroom next door—kids are excitedly sharing their ideas, and every word is like music. And listen closely, there's the sound of the wind rustling through the trees outside, joining in on the fun. Doesn't it all sound like a happy song?
- Example: "We'd hear the joyful giggles of children as they play together, the soothing melodies of lullabies sung by teachers, and the harmonious chatter of kids sharing their thoughts and ideas."

## M3.002: Hearing

- Music: Wolfgang Amadeus Mozart - "Eine kleine Nachtmusik". The playful and joyful tones of this piece mirror the sounds of laughter, learning, and discovery described in the card.
- Quote: "Music is the language of the spirit. It opens the secret of life bringing peace, abolishing strife." — Kahlil Gibran
