

M4.005

We're now organizing HUNTER'S CARDSET using the letters M.A.T.R.I.X. Each letter has four rows—M1, M2, M3, M4—and each row contains seven sub-cards, labeled M1.001, M1.002, M1.003, and so on up to M1.007. This card arrangement is inspired by Niklas Luhmann's note-taking method, and we encourage you to create your own cards in each row. Download the 7 cards from the link below, and let's build them together!

M4.005: Creating a Card Set Based on Your Passion

Title: "Sophie's Space Cards"

Imagination:

Sophie was fascinated by space. She decided to create a set of space-themed cards filled with planets, stars, and fun facts about the universe. Sophie shared her cards with her friends, and they were excited to learn more about space. Her passion for the stars inspired her friends to explore new worlds too. Sophie realized that when you create something from your passion, it shines through and inspires others.

Lesson:

Creating from your passions helps children make meaningful and inspiring work. This card encourages children to follow what excites them and turn their passions into something they can share with others.
