MATRIX KIDS CARDS MUSEUM

Love you

Dear Friend,

We're going to share a calendar about when we get our superhero shots to keep us healthy. We'll also have a special test to see if we're ready for kindergarten, and sheets to see how creative we are and who gets the most stars on their tests. About superhero shots, they might seem scary, but they're actually helpers. Inside them are tiny, tiny fighters that teach our body how to beat germs. It's like having a tiny police force inside us that remembers the bad germs, so next time they try to sneak in, our body knows exactly how to win!
