PAPER—WE'LL TAKE \$1 OFF THE CARD'S PRICE.

MATRIX KIDS CARDS MUSEUM

Love you

Dear Friend,

In our lab, we have experiments to see why it's important to be tall enough to be seen. Like, if a toy car can't see a tiny toy person, they might bump! We also play guessing games with shapes and numbers. If you get it right, I'll move the flowerpot. We figure out puzzles like what you get when you add up shapes and numbers - it's like a treasure hunt with your brain!
