Love you

Dear Friend,

Let's talk trash! Not the kind you talk;
the kind you throw away. Did you know
lots of little islands are getting covered
in garbage? We need to help our planet.

Things like old newspapers and milk
bottles can be recycled. But stuff like
worn-out pencil sharpeners and plastic
bags can't be, and they're not good for
the Earth. We've got to sort our trash—
recyclables go one way, and kitchen
scraps like apple peels go another. This
helps keep our world clean and safe.

Let's do our part and recycle right!
